Re: Ex Parte / IB Docket No. 99-81; ET Docket No. 95-18

Dear Mr. Caton:

On 4 March 2002, on behalf of ICO Global Communications (Holdings) Ltd., Gerry Salemm and Scott Blake Harris met with Ed Thomas, Chief of the Office of Engineering and Technology in the above captioned matter.

During the course of this meeting, ICO discussed the robust, advanced global services it hopes to provide, the need to provide such services in cities as well as rural and remote areas, and the practical impossibility of providing such services over anything other than a unified, centrally controlled satellite-based network.

In accordance with section 1.1206(b) of the Commission's rules, I am submitting an electronic copy of this letter. If you have any questions concerning this matter, please do not hesitate to contact me.

Sincerely yours,

/ s /

Mark A. Grannis
